

Z10-135

Cantilever lift with 1 tonne capacity for medium weight vehicles.

A robust and sturdy design makes this the first choice for 7.5-12 t vehicles. Supplied with a powder painted high strength steel frame and platforms in different materials, sizes and options. A robust lift designed to last and to maximise vehicle up time.

- **Simple:** A no frills control system and single acting cylinders leaves little room for road stops.
- **Sturdy:** High strength steel in lifting mechanism makes this lift sturdy and durable. Rear under-run protection according to the new regulation.
- **Ease of Installation:** Mounting kits for all major truck manufacturers fixed and bolted under-run bar, and pre-installed power pack makes the lift easy to install.
- **Low maintenance:** All rams fully protected when lift is in stowed position.

The Z10-135 is very easy to operate and very simple to maintain. It is the ideal lift to support your busy operation.

The Z10-135 is made to help maximise payload

SUITABLE FOR

- Vehicle rentals
- Laundries
- Bakeries
- Builders merchants
